deeptiniks28@gmail.com | +91 9381517020 | Pune, India | [LinkedIn](#)

Skills & Tools

- **Project Management:** JIRA, Confluence
- **Languages:** SQL, Python, Pyspark
- **Repository Management:** GitHub, BitBucket
- **Processing:** Databricks, Spark, MS SQL Server
- **Orchestration:** ADF, Data Import
- **Storage:** Data Lake, RDBMS(MySQL)
- **Ingestion:** Azure Data Factory, Data Import
- **Cloud:** AWS, Azure

Experience

Mastercard | Data Engineer II

[2022-Present]

- Created and optimized **data models** and **data warehousing solutions**, improving storage, access, and retrieval of structured data for advanced analytics and reporting.
- Designed and optimized **ETL data pipelines** for handling **large data volumes**, leveraging **Apache Spark, Databricks**, and **ADF** to improve processing efficiency using **Pyspark** and **Python**
- Designed **relational** and **dimensional data models**, optimizing **SQL** queries for efficient data retrieval and reporting.
- **Collaborating** with cross-functional New Products Engineering and Development teams to understand and address data requirements and create business impact.
- Actively participated in **agile ceremonies**, leading PI planning sessions and ensuring alignment with product goals as a Scrum Master.
- **Testing, Debugging** and resolving high-priority production bugs. Leading User Acceptance Testing (**UAT**) to enhance the platform stability and client satisfaction
- Maintained **Technical Documentation** of architecture, ETL jobs, and data models while conducting code reviews to uphold best practices.

Projects

Data Integrity Modernisation | Mastercard

[2025-Present]

- Redesigning Data Integrity Monitoring Program to promote data quality and processing efficiency on Mastercard Network.
- Working on systematic validations or edits using JSON schema to scan the transactions and identify criteria violation
- Implementing high level spark jobs to read different types of transaction data, run edit's criteria on them and transfer the results to the front end UI
- Pipeline orchestration to be done by Nifi
- Contributing to Big Data SIG open platform, facilitating knowledge sharing, tackling big data challenges and mentorship.

Education

National Institute of Technology (NIT), Warangal

[2018-2022]

B.Tech, Biotechnology (8.65/10)

Top 2% in Department

Activities

- Core committee member for Mastercard Social Team arranging cross collaboration social activities across teams.
- Volunteering initiatives: Awareness sessions on digital literacy & health care for staff, KidsKoding and Girl4Tech.
- Spearheaded a Hackathon with a team of 5, leveraged machine learning and NLP techniques

Certifications

- Microsoft Azure Fundamentals (AZ-900): Foundational Cloud Concepts
- Microsoft Azure Fundamentals (AZ-900): Identity deployment and management
- Microsoft Azure Fundamentals (AZ-900): Azure architecture and services
- Essentials – Azure Databricks
