Referral System

Product Research

Affordable Pricing: Users appreciate Meesho's wide selection of products at low prices, making it a budget-friendly shopping option.

Return and Refund Challenges: Sellers have expressed concerns about receiving returned products that were damaged from what was originally sent.

Low Ratings: Meesho holds a low rating of 1.48 out of 5 stars, based on 25,017 votes, indicating significant customer dissatisfaction

User Segments

Creator Housewives
Tier 2 & 3 cities

Sellers

SME Owners

Resellers

Low budget conscious
shoppers

First time internet
users

Buyers

Jobs to be done – Earn some
extra income

Shobha – Age 37 (Nashik)

Goal – To sell items created
Needs –

- A platform which gives a good amount of price
- Easily products can be added
- Get some monetary benefit

Pain Points

- Difficult to handle a lot of products
- Cannot keep track of what is sold or what sells more
- Difficult to go out and ship by themselves
- Same time money transfer due to need of funds

Referrer and Referee Journey

Seller clicks on refer a
friend button

2

3

The referral link is
created for the friend
which can be shared via
different platform

The referee gets the link
and creates the new
account

4

1

Seller goes to the
referral page.
The referral page shows
summary of the overall
referrals

Jobs to be done – Make
Revenue as Business

Rakesh – Age 42
(SME Owner Ahmedabad)

Goal –To sell items manufactured
Needs –

- Wants to make an online presence to catchup with competition
- Share the products with smaller dealers

Pain Points

- Does not understand much about the other features other than the selling feature
- Limited benefits while sharing the platform with fellow sellers

User Emotions

	Awareness/Discovery (Referrer)	Refer and Share (Referrer & Referee)	Signup/Login (Referee)	Post Referral (Both)
Thoughts	Where is the refer and earn scheme ?	How does the scheme work ?	How to sign up using the link ?	Where are the rewards ?
Emotions	🤔	👉	😊	😁
Touchpoints	Refer and Earn Tab /   	Refer and Earn Tab /  	Login Page	Payments & Rewards Page

5 The referrer goes to the refer and earn dashboard

The referee can check the rewards in the referral payments **5**

6 The dashboard is displayed with the summary of reviews and details about , what is the referee status, and the rewards received for the required tasks performed for rewards

6 The referee can check the rewards in the referral payments

Key Aspects UI/UX

- Clear summary & overview of the referral system
- Refer a friend is clearly visible with the pink colour tab on white background
- Easy share option of the referral link via WhatsApp and Facebook
- Smooth account creation process with phone and email followed by OTP for security
- Progress bar for each referral, showcasing your earning the referral, status of steps and time left for earning the full potential of the referral money
- The green progress bar on referral dashboard and tick mark for status check
- Payments showing the earnings received from the referral with success/failure mark in green and red respectively

Recommendations

- Flagging where the referral system is present
- Adding clear instructions for the initial criteria of becoming a referrer as the first-time seller does not see the tab for referral until first successful order
- The referral payment link should be included in the same referral dashboard to provide all features at one place
- Gamification in place at each step completion to encourage sellers

Learnings

Criteria	Amazon	Meesho
1. Number of Sellers	6 million active sellers worldwide	15 million sellers in India.
2. Maximum Referral Amount 	Referrer - Up to ₹15,000 per referral Referee - Up to ₹600	Referrer - Up to ₹40,000 per referral Referee - Up to ₹1000
3. Referral Scheme Differences Eligibility: 	Existing sellers with a Professional plan.	Open to individuals and businesses With one at least one order processed
Process: 	Unique referral link; Referee must register and list products.	Help onboard new sellers and assist in their growth on the platform Referee must process atleast one order
Rewards: 	Both referrer and referee receive rewards after onboarding criteria met.	Earnings depend on the onboarded seller's performance and sales.
4. Referral Amount Disbursement 	Credited to the referrer's account after referred seller is active and meets criteria.	Payouts based on sales and growth of onboarded sellers, capped at ₹40,000. Credited after 7 days of order
5. UI/UX Differences 	Managed through Seller Central Feature-rich dashboard.	STAR Management Panel Designed for simplicity and ease of use.
6. Other Important Aspects	Global Reach: Access to international customers.	Zero Commission: Sellers list products without commission fees.
	Brand Registry Benefits: Includes the Brand Referral Bonus program.	Training Support: Resources to assist new sellers in navigating the platform.
